

PurAire Pyramid^{BS}

Tiny, compact bipolar ioniser for personal use

Treatment Area 20 to 40 M²

Product information

Air volume	80 m ³ /h
Application area	20~40 m ²
Shell material	Aluminum alloy
Weight	0.86 kg
Product size	205*205*235 mm
Noise	≤40 dB
Filter type	Primary filter screen

Electrical

Voltage	DC 12V
Power	3 W
Frequency	50 / 60Hz

Ionization Tube

Quantity	1 pcs
Size	60 mm
Estimated Tube Life	17000 Hours

With Odours, Viruses like Covid-19, tobacco smoke smells floating in your air, it is important to be able to neutralize and eliminate these contaminants in your bedroom, hotel room, clinic, office, pet shop, etc.

Only 8 Inches on a side and 9 1/4 inches high, the compact and versatile PurAire-Pyramid is perfect for desktops, bedside tables, and personal use. It's also well-suited for hospitals, nursing homes, veterinary clinics, hotels, medical offices, laboratories, and any space where unwanted odours, bacteria, germs, or viruses may be present. It is available in multiple colours to suit any décor.

The airflow through the filter and over the ionization tube produces powerful bipolar oxygen ions that flow into the room and saturate the indoor space with the ions providing constant and effective purification. The PurAire Pyramid provides continuous disinfection to "actively" sanitize and deodorise the indoor air wherever it is placed.
