

PurAire MiniPro-2

BS

PurAire

Bipolar Ionizer for Guest Rooms, Toilets, Clinics

SPECIFICATIONS

Product information

Air volume	0~460m ³ /h
Application area	50~80m ²
Shell material	Stainless steel
Weight	8.7 kg
Product size	425*125*320 mm
Noise	≤50 dB
Filter type	Primary filter \ Standard timer

Electrical

Rated Voltage	220V AC / 240V AC
Frequency	50 / 60 Hz
Power	72 W

Internal Fuse/overload safety protection design and Power dual protection

Ionization Tube

Quantity	2 pcs
Size	180 mm
Estimated Tube Life	17000 Hours
Material	Various composite materials, stainless steel outer mesh

With Odours, Viruses like Covid-19, Tobacco smoke smells floating in your air, it is important to be able to neutralize and eliminate these contaminants in your hotel guest room, clinic, office, or toilets.

The PurAire MiniPro-2's Bipolar Ionization unit is designed to be wall mounted in your toilet, clinic or guest room to quietly eliminate those odours, viruses, germs, and bacteria, protecting you and your guests from unpleasant odours and disease.

The airflow through the HEPA filter and over the ionization tube produces powerful bipolar oxygen ions that flow into the space and saturate the indoor space with the ions providing constant and effective purification. The MiniPro-2 provides continuous disinfection to "actively" sanitize and deodorize the indoor air wherever it is installed.
